

## 2020 Announcement of Emergency & Acute Care Medicine

### John J. Kelly

Emergency Medicine Physician, Einstein Medical Center, Philadelphia, USA, E-mail: [kkellyj@einstein.edu](mailto:kkellyj@einstein.edu)

The "[Emergency and Acute Care Medicine](#), August 22-23, 2018 Tokyo, Japan was successfully completed with the theme "Exploring the innovation in Emergency & Acute Care Medicine" which offered a unique opportunity for investigators across the globe to meet, network, and perceive new scientific innovations. Benevolent response and active participation was received from scientists, doctors, professors, nursing lecturers, nurses, pharmaceutical industries, healthcare industries, researchers and students from the fields of diabetes and heart, those who involved in this successful event.

Emergency medicine, also known as accident and emergency medicine, is the medical specialty concerned with the care of illnesses or injuries requiring immediate medical attention. [Emergency physicians](#) care for unscheduled and undifferentiated patients of all ages. As first-line providers, their primary responsibility is to initiate resuscitation and stabilization and to start investigations and interventions to diagnose and treat illnesses in the acute phase. Emergency physicians generally practice in hospital emergency departments, pre-hospital settings via emergency medical services, and intensive care units, but may also work in primary care settings such as urgent care clinics. Sub-specializations of emergency medicine include disaster medicine, [medical toxicology](#), ultrasonography, critical care medicine, hyperbaric medicine, sports medicine, palliative care,

This important scientific resource encompasses the following areas under its scope, which include but not limited to Accidental injuries, Acute cardiology, Neurological emergency, Acute respiratory failure, Acute pain management, Critical care, Injury prevention, Resuscitation, Surgical emergency, Acute infection, Toxicology, Hematology/oncology, ECG Patterns, [Pediatric emergency](#), Emergency medicine, Medical chemistry, Patient safety, Critical patients, Ballistics

and Firearm Wounds, Traumatic injuries, Emergency medicinal technologies etc.

[Emergency Medicine](#) 2018 witnessed an amalgamation of peerless speakers who enlightened the crowd with their knowledge and confabulated on various new-fangled topics related to the field of diabetes and endocrinology with namely Dr. John J. Kelly, Emergency Medicine Physician in Einstein Medical Center, Philadelphia, USA.

#### Conference Highlights:

- Emergency and Acute Care Medicine
- Pediatric Emergencies
- Toxicological Emergencies
- Abdominal Emergencies
- [Emergency Nursing](#)
- Environmental Emergencies
- Renal and Genitourinary Emergencies
- Dermatologic Emergencies
- Orthopedic emergencies/ Musculoskeletal
- Endocrine Emergencies
- Emergency Imaging
- [Respiratory Emergencies](#)
- Psychiatric/ Social Emergencies
- [Gynecologic/Obstetric Emergencies](#)
- Neurological Emergencies
- Anaphylaxis
- Wound and Burns
- Cardiac Emergencies
- Anesthesia

#### Organizing committee members:

Au Kin Heng Constantine is an emergency specialist from Hong Kong who used to work at Queen Elizabeth Hospital, Hong Kong.

Byoungseok Yoon has completed his bachelor's degree from Yonsei University, Bio-engineering department, Seoul, Korea

Dr. Mari Salminen-Tuomaala, PhD in Health Sciences, is Senior Lecturer in Seinäjoki University of Applied

Sciences, School of Health Care and Social Work

Mehrdad Soltani Delgosha is a Specialist of [Emergency Medicine](#) in Karaj Emam Ali hospita.

Dr Sofia Cavill has completed her medical school training at Guy's Kings & St Thomas' School of Medicine, London

Rauni Prittinen King, Miraglo Foundation & Pacific Pearl La Jolla, USA

Katrina Wendel-Mitoraj, SOENIA by BrainCare Oy, Finland

Cathy Rodgers Ward, UCLA Medical Center, USA

Conference Series is glad to announce the “**3<sup>rd</sup> International conference on Emergency & Acute Care Medicine**” scheduled at Singapore City, Singapore during September 24-25, 2020. The Theme of the conference is “Exploring Advanced treatment and research in Emergency medicine”. The conference will cover the fields related to Emergency medicine and acute care, its complication and the management.
