We are obliged to announce our upcoming conference on 3rd Edition of [EuroSciCon Congress on Heart Disease and Interventional Cardiology](#) which is scheduled for April 27-28, 2020 in Rome, Italy. We have designed the conference theme as **Heart Disease & Interventional Cardiological Research and Innovations**. Mark on your calendar for a remarkable presentation on the above-mentioned theme among world best Heart specialist and professionals.

On behalf of our Organizing Committee, we hope that the Heart 2020 Conference will be another memorable event. We look forward to making this not only a learning opportunity but also a good platform for networking with other professionals. We also offer you a place where you can be free and enjoy yourself in the beautiful capital city of Italy. Rome, the "Eternal City," brims with antiquated history, from the Colosseum to the port of Ostia Antica to majestic Vatican City and the Sistine Chapel. In light of its history, craftsmanship, design, and magnificence – and maybe its gelato and pasta! – Rome is one of the most famous urban cities.

The Heart 2020 Conference will provide a stage for scientists, life scientists, Doctors, Nurses [Cardiologist](#), Medical Students and practitioners to present their research work, ideas, developments, and applications in all areas of Cardiovascular field related to [Heart disease](#), Heart Surgery, Heart devices with the diagnosis. The conference will oppose the leading academic scientists, researchers and scholars in the domain of interest from around the world and we would also like to welcome all those young minds who are the upcoming professionals in the [medical](#) field. We will also honour all those who have contributed to saving a life of thousands of people.

The conference covers the following highlights:-

Cardiac & Cardiovascular Research ,Cardiovascular diseases , [Clinical Cardiology](#) , Hypertensive Heart Disease , Heart Failure, Cardiac Dysrhythmias, Inflammatory Heart Disease, Valvular Heart Disease, Rheumatic Heart Disease, Peripheral Arterial Disease ,Cerebrovascular Disease , Heart Attack Risk Factors, Heart Devices , Heart Surgery,

Heart Diseases Diagnosis and Treatment, Cardiac Pharmacology, Cardiomyopathy, [Congenital Heart Disease](#), Advances In Heart Education, Cardiac Nursing, Interventional Cardiology, Cardiovascular Genomics And Genetics, Paediatric Cardiology

Heart 2020 is the international conferences on Cardiology and Cardiovascular Research. With more than 100 Cardiologists, Cardio Oncologists, Heart Surgeons, Medical Doctors and Cardiac Nurse Practitioners along with researchers, educators, administrators, policy makers and students expected to attend the conference. Heart 2020 promises to be an exciting and productive event to enhance your knowledge and explore the innovations in [Cardiology](#).

We are expecting more than 100+ participants at the conference and we are delighted if you will join [Heart 2020](#) to make the conference session more informative for our participants. This year to make the conference a bit different from the previous edition and to motivate the research professionals we introduced different awards. Especially for our Young research aspirants who are the upcoming professionals of the [cardiovascular field](#).

Heart 2020 conference in Rome, Italy has been designed in an incorporative manner with a number of tracks to choose from every section and provides you with a great opportunity to meet up with people from both industry and academics and create a scientific network between them. We happily invite all concerned people to come join us at our event and make it successful by your participation.
