

2020 Conference Announcement on Heart Diseases

John

Senior Professor, Department Of Cardiovascular, University of Senfresisco, USA, E-mail: jhonbella2019@gmail.com

[Heart Diseases Summit](#) is a condition in which the heart can't pump enough blood to meet the body's needs. Heart Diseases Summit 2020 does not mean that your heart has stopped or is about to stop working. It means that your heart is not able to pump blood the way it should. It can affect one or both sides of the heart.

The weakening of the heart's pumping ability causes

- Blood and fluid to back up into the lungs
- The buildup of fluid in the feet, ankles and legs - called edema
- Tiredness and shortness of breath
