2020 Conference Announcement

We invite all the participants from all over the world to attend 27th Edition of European Ophthalmology Congress held on April 15-16, 2020 at [London, UK](#) which includes prompt keynote presentations, Oral talks, Poster presentations and Exhibitions. The main highlights of this conference are Comprehensive Eye Care, Latest Research in Ophthalmology and Vision Improvement, Smartphones and Eyestrain, Retina And Retinal Disorders, Cornea And Corneal Diseases, Glaucoma, Cataract And Refractive Surgery, Dry Eye & Uveitis, Ocular Trauma, Diabetic Retinopathy, Oculoplastics And Orbit Surgery, Ophthalmic Genetics, Neuro-Ophthalmology, Pediatric Ophthalmology, Clinical Ophthalmology, Comprehensive Eye Care, Latest Research In Ophthalmology And Vision Improvement, Smartphones And Eyestrain, Retina And Retinal Disorders, Cornea And Corneal Diseases, Glaucoma, Cataract And Refractive Surgery, Dry Eye & Uveitis, Ocular Oncology And Ocular Pharmacology, Veterinary Vision, Ocular Inflammation And Immunology, Macular Degeneration, Ophthalmic Photography.

According to a study it is estimated that around 48% of world population is blind because of cataract and more than 60 million people suffer from glaucoma and it is estimated that the number would rise to 80 million by the end of 2020. Ageing population is the leading cause for refractive error problem in countries like the USA and Europe, it is noticed that the refractive error problem is mostly seen in population ageing more than 40 years.

After a tremendous destruction of the market amid monetary depletion in 2010-2013, [ophthalmology](#) showcase is making up for lost time to return to the typical as there is a quick development in populace bringing about expanded number of patients with eye sicknesses and the occurrence of waterfall and glaucoma are expanding each year. As indicated by an examination it is evaluated that around 48% of total populace is visually impaired due to waterfall and in excess of 60 million individuals experience the ill effects of glaucoma and it is assessed that the number would ascend to 80 million before the finish of 2021. Maturing populace is the main source for refractive blunder issue in nations like the USA and Europe, it is seen that the refractive mistake issue is for the most part found in populace maturing over 40 years. [Ophthalmology](#) advertise is primarily separated in to four fragments viz. surgical gadgets, demonstrative and checking gadgets, vision mind and ophthalmic medications.

Glimpses of Ophthalmology Conferences

The [European Ophthalmology Congress](#) is going to be held during April 15-16, 2020 at London, UK which unites a one of a kind and worldwide blend of substantial and medium pharmaceutical, biotech and symptomatic or diagnostic organizations, leading universities and clinical research companies making the meeting an ideal stage to share understanding, encourage coordinated efforts crosswise over industry and the scholarly community, and assess rising advancements over the globe.

European Ophthalmology Congress 2020 supported by the organizing committee network of renowned scientific and professional expert such as **Mikhail Ostrovsky** Institute of **Biochemical Physics, Russian Academy of Sciences, Russia** it provided a platform for collaboration among colleagues, vendors, and academia to reveal new innovations, solutions, ideas, and emerging technologies in Ophthalmology.

Ophthalmology 2020 includes international attendee workshops, lectures and symposia, including a designated registration area, a refreshment break and gala lunch. **Ophthalmologist & Optometrist** can join the EuroSciCon as an international member to receive discounts on registration. So come and join leading experts and allied professionals from April 15-16, 2020 at **London, UK** to keep up with the rapidly accelerating pace of change that is already having an impact on the field of **Ophthalmology** and will continue to in the future.

The scientific program includes Keynote & Plenary talks, Video Presentations, Poster Presentations and E-Posters. Furthermore, oral communications of (post)doctoral **junior scientists** will be considered. It is the goal of the organizers to make this meeting an event of scientific excellence, attractive to both industrial and academic scientists in **Ophthalmology and its advancements**.

EuroSciCon is the longest running independent life science events company with a predominantly academic client base. Our multi-professional and multi-specialty approach creates a unique experience that cannot be found with a specialist society or commercially.

Euroscicon are corporate members of the following organisations

- Royal Society of Biology
- IBMS
- British Society for Immunology
- Opportunities for Conference Attendees

For Researchers & Faculty:

- Speaker Presentations
- Poster Display
- Symposium hosting
- Workshop organizing

For Universities, Associations & Societies:

- Association Partnering
- Collaboration proposals

- Academic Partnering
- Group Participation

For Students & Research Scholars:

- Poster Competition (Winner will get Best Poster Award)
- Young Researcher Forum (YRF Award to the best presenter)
- Student Attendee
- Group Registrations

For Business Delegates:

- Speaker Presentations
- Symposium hosting
- Book Launch event
- Networking opportunities
- Audience participation

For Companies:

- Exhibitor and Vendor Booths
- Sponsorships opportunities
- Product launch
- Workshop organizing
- Scientific Partnering
- Marketing and Networking with clients

Euroscicon organizes International **Ophthalmology Conferences** annually across Europe, Austria, Ireland, Germany, France, Liechtenstein, Lithuania, Finland, Luxembourg, Hungary, Italy, Norway, Poland, Denmark, Macedonia, Greece, Portugal, Romania, Czech Republic, Switzerland, **United Kingdom**, Belgium, Scotland, Latvia, Ukraine, Sweden, Denmark, Spain, Netherlands, Russia, Bulgaria, France, with solitary subject of quickening logical revelations.
