

4th International Conference on Gastroenterology and Liver Diseases

Magdy El-Salhy

Department of Clinical Medicine, Haukeland University, Norway, E-mail: Magdy.El-Salhy@uib.no

With the effective finishing of 2019 meeting “3rd International Conference on Gastroenterology and Liver Diseases”, Amsterdam, Netherlands March 18-19, 2020 With the Theme “Understanding Gastroenterology through a Multidisciplinary Approach”, various [scientific topics](#) and the keynote Speakers and Oral talks the underneath are the specific titles of the keynote speakers:

- **Title:** - “Novel natural-product-based small molecule as potent anticancer” by **Amr Amin, UAE University, UAE**
- **Title:** - “Novel natural-product-based small molecule as potent anticancer drug target” by **William Nseir, Bar-Ilan University, Israel**

This year Allied Academies is organizing “4th International Conference on Gastroenterology and Liver Diseases” which is going to be held on Hong Kong, Hong Kong on August 27-28, 2020 Theme of Conference is “Recent Advancements in Gastroenterology and Liver Diseases”. All papers to be published in Gastroenterology 2020 journal of Archives of Digestive Disorders or Journal of Clinical and Molecular Pathology or Journal of Medical Oncology and Therapeutics.

[Gastroenterology 2020](#) is mainly looking for the researchers, eminent personalities from Universities, Societies and associations from all over the world which is highlighted the various topics include facial surgery, Advanced Research on [Gastrodiaseas](#) , Hepatology, Imaging, Pediatric Gastroenterology, and Medical Therapies for IBS. [Gastroenterology 2020](#) conference is expecting the eminent keynote presentations, Oral presentations, and poster presentations by [Young scientists](#). We also focus on the students, since students can explore their research work and learn new research work from the eminent speakers by interacting in the conference hall.

The Young Researchers Forum offers young researchers the possibility to meet and discuss research topics and methodologies, share and develop ideas, learn from each other and gain knowledge from senior researchers. Young

Researcher Sessions are organized at the 5th international conference on Gastroenterology and Hepatology to provide a unique platform for Young Researches/Investigators for presenting the latest research projects with an in-depth analysis. Allied Academies cordially invites Young Researchers from Universities/Institutes/Industries to present a short oral presentation during the forum. These oral presentations should be of 10 minutes duration in related scientific track followed by 5 minutes question hour. Therefore, presenters are encouraged to give comprehensive and dynamic talks. Applications will be selected based on past research productivity and future promise.

[Gastroenterology 2020](#) provides an opportunity for all the stakeholders to gather all the [Researchers](#), principal investigators, experts and researchers working under academia and healthcare industry, Business Delegates, [Scientists](#) and students across the globe to provide an international forum for the dissemination of original research results, new ideas and practical development experiences. This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists and Speakers at our [Gastroenterology 2020](#) to talk about new advances in the field of both medical and engineering to improve health and treatment and also additional innovations. We hope that you will grasp this academic occasion to revitalize the enduring connections and flash with new peers around the globe.
