

## Announcement on Completion of 2nd International Conference on Structural & Civil Engineering Research

### Achintya Haldar

Professor, University of Arizona, Tucson, AZ, U.S.A, E-mail: [haldar@email.arizona.edu](mailto:haldar@email.arizona.edu)

Civil Engineering 2019 conference has been successfully completed. We must thank the attendees, Holiday Inn Paris - Porte de Clichy, France, Conference Centre Staff, the Organizing Committee, Ad-Sponsors, Media partners and everyone else that helped to make this International Conference On Structural & Civil Engineering Research with the theme "Engineering for Sustainable Infrastructure & Development" a hugely successful conference.

Our Attendees obtained the kind of advance technical information in the arena of Civil Engineering that they were seeking, and that their role in the field has been enhanced via their participation. They were able to take part in all the sessions and take advantage of the tremendous advancements in Structural & Civil Engineering that scientists are working with.

The Majorly Focused Highlights for our Civil Engineering 2019 Conference were Structural and Construction Engineering |Civil Engineering and Architecture |Building Technology and Construction Management | Steel Structures and Construction | Structural Analysis and Designing |Structural Health Monitoring |Reinforced Concrete Structure | Earthquake Engineering and Seismic Risk Mitigation | Transportation and Traffic Engineering | Environmental Engineering |Water Resource Engineering and Technology |Geotechnical Engineering |Sustainability & Green Structures |Materials Science and Engineering.

### Some of the Civil & Structural Engineering Professionals were the Organizing Committee Members for Civil Engineering 2019

- **Eiki Yamaguchi**, Professor Kyushu Institute of Technology, Japan
- **Achintya Haldar**, Professor University of Arizona, Tucson,U.S.A.
- **Merita Guri**, Professor, POLIS University, Albania
- **Adolfo Matamoros**, Professor, University of Texas at San Antonio, USA
- **Rais Ahmad**, Professor, California State University, Northridge, USA
- **Massimiliano Nastri**, Professor, Polytechnic of

Milan, Italy

- **Sherif A. Mourad**, Professor, Cairo University, Egypt
- **K D Tsavdaridis**, Professor, University of Leeds,U.K.
- **Mohamed Abdel Kader Ismail**, Professor, Curtin University, Malaysia
- **Ali Kaveh, Professor**, Iran University of Science and Technology, Tehran, Iran
- **Pavel Kovar**, Professor, Czech University of Life Sciences, Prague, Czech Republic
- **Ekin Ozer**, Professor, Middle East Technical University, Turkey
- **Huseyin Gokcekus**, Professor, Near East University, North Cyprus, Turkey
- **Mariaenrica Frigione**, Vice-Rector, University of Salento, Lecce, Italy

### Notable Speakers of Civil Engineering 2019

- **Eiki Yamaguchi**, Professor Kyushu Institute of Technology, Japan
- **Achintya Haldar**, Professor University of Arizona, Tucson,U.S.A.
- **Merita Guri**, Professor, POLIS University, Albania
- **Arjana Hasani**, Polish University, Albania
- **Jiang Kaiyu**, Southeast University, China
- **Aguljeln Marku**, POLIS University, Albania
- **Endri Duro**, Polis University, Albania
- **Siu-Shu Eddie Lam**, Hong Kong Polytechnic University, Hong Kong
- **Nikola Vesho**, Polish University, Albania
- **Geng Cao**, Southeast University, Nanjing, China

Hence, [Civil Engineering 2019](#) gave justice to the theme "Engineering for Sustainable Infrastructure&Development"

All thanks to our Media partners also for associating with us.

Crowd Reviews, RF International, Conference Locate.Com, Essential Busies, Asia Today, Open PR, Civil Engineering Surveyor, COMS, Busines1.Com, Industry ARC, Engineering News, JSB Conference, Annals of Civil and Environmental Engineering and CIGHTECH.

**NOTE THE DATE, Civil Engineering 2020 is coming!!**

Followed by the effective completion of the [Structural & Civil Engineering Research 2019](#), the EuroSciCon are hosting its Upcoming Conference on [Structural & Civil Engineering Research 2020](#), during April 22-23, 2020 at Dubai, UAE

The theme Focused for [the Civil Engineering 2020](#) is “Exploring the latest Innovations & Modern trends in Structural and Civil Engineering”

The upcoming event of [Civil-2020](#) is focused on advancements in the field of Structural & Civil Engineering. This conference will also present the advanced research, advanced techniques for Innovations and Advancements in Civil, Architectural and Construction world.

Having all of you with us for our [Civil 2020](#) involves extraordinary happiness and energy. We anticipate all of you sharing your mind-blowing information, look into thoughts and to make a sprinkle with new

improvements at this 2-days occasion.

This time we have presented some new features for our Structural& Civil Engineering Research.

Structural and Construction Engineering |Civil Engineering and Architecture |Building Technology and Construction Management | Steel Structures and Construction | Structural Analysis and Designing |Structural Health Monitoring |Reinforced Concrete Structure |Modular Constructions | Earthquake Engineering and Seismic Risk Mitigation | Transportation and Traffic Engineering | Pavement Design | Environmental Engineering |Water Resource Engineering and Technology |Geotechnical Engineering |Sustainability & Green Structures |Materials Science and Engineering | Tunnel Engineering and Construction |Automation in Construction |Designing of Special Structures and Concrete Technology |Construction Market Research and Industry Analysis

[Civil Engineering 2020](#) aims to bring all the Civil Engineering professionals under all Civil Engineering fields for our Civil Engineering Meeting to interact and share their knowledge and their newest research in the field of Structural & Civil Engineering Research.

Also this time, Our Dubai [Civil Engineering Conference](#) will be focus destination for the International Civil Engineering Research Societies, Associations, and Organizations. This event will bring together Directors, Professors, and Students from academia and researchers in the field of Structural & Civil Engineering, Government officials and global leaders to push forward the [Structural & Civil Engineering Research](#).

Civil Engineering Event is expecting more than 200+ Participants to enlighten the program. This time UAE Civil Engineering Conference will organize several Oral and Poster Presentations/Networking Sessions/Workshops/Symposiums/Exhibition as we have introduced several new tracks to bring in more participants.

We are looking forward to the [Civil Engineering 2020 conference](#) to be successful just as the Civil Engineering 2019 Conference!

We welcome all the Civil Engineering Professionals, Delegates, Researchers, and Students to make your beautiful presence in Dubai by April 22-23, 2020.
