

Approaches & New Practises of Advancement in Pharmaceutical Sciences

Jason Haxton

Director, Museum of Osteopathic Medicine, USA, E-mail: jhaxton@atsu.edu

We gratefully thank all our wonderful Speakers, Conference Attendees, Students, Media Partners, Associations and Exhibitors for making Euro Pharmaceutics 2019 Conference the best ever held during June 27-28, 2019 at Amsterdam, Netherlands

The conference received salutations & immense support was extended by the keynote lectures mentioned below:

- Amots Dafni, Haifa University, Israel
- Radostina Alexandrova, Bulgarian Academy of Sciences, Bulgaria
- Nuzhat Chalisa, Morris Hospital, USA
- Hiba Natsheh, The Hebrew University of Jerusalem, Israel.

With the enormous feedback from the participants and supporters of Euro Pharmaceutics 2019, Pharmaceutical Conferences Committee is glad to announce its "19th Annual Congress on [Pharmaceutics & Drug Delivery Systems](#)" slated on June 18-19, 2020 in [Geneva, Switzerland](#).

Our International Euro [Pharmaceutics 2020](#) conference will provide best platform by networking with your colleagues across the globe to foster open exchange and debate on the role of the Pharmaceutics & Drug Delivery Systems. [Pharmaceutical Meetings](#) will introduce sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Conferences Highlights:

- Pharmaceutical Technology
- Drug Targeting and Design
- Biopharmaceutics and Biologic Drugs
- Anticancer drug delivery for tumor targeting
- Novel Drug Delivery Systems
- Medical Devices for Drug Delivery
- Nanomedicine and Nanotechnology
- Pre-formulation & formulation Aspects
- Biomaterials in Drug Delivery
- Medicinal Chemistry and Drug Discovery
- The future of Pharma R&D
- Drug Delivery Research
- Industrial Pharmacy and Pharmacognosy

- Peptides and Protein Drug Delivery
- Pharmaceutical Business and Market
- Immunotherapy and Vaccines in Drug Delivery
- Pharmacokinetics and pharmacodynamics in drugs
- Bioavailability and Bioequivalence
- Pharmaceutical Microbiology and Biotechnology
- Pharmacovigilance and Drug Safety
- Pharmaceutical Chemistry

[Pharmaceuticals](#) in one of the main and essential field for the welfare of human society and it is also one of the largest in the global economy. The total value of the pharmaceutical sector is over \$5 trillion. It is one thousand-fold more when compared to what is was in the 1920s. Moreover, the [pharmaceutical industry](#) is likely to triple in size in by 2060 and the pharmaceutical industry is around 30% larger than previously thought and is one of top five in the global economy. The total market value of drug delivery technology is estimated to reach USD 1,669.40 Billion by 2021 from USD 1,179.20 Billion in 2016, at a CAGR of 7.2% during the forecast period.

The Pharmaceutical Conference is a flagship event strengthening bonds and fostering collaboration within the global oral health community. It also provides a premier interdisciplinary platform for researchers, practitioners and educators to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of Pharmaceutics & Drug Delivery Systems.

[Pharmaceutical Meeting](#) is an open resource platform that conducts 3000+ global events including International Conferences, Workshops, Symposia, Trade Shows, Exhibitions and Science Congresses in all the major scientific disciplines, including Clinical, Medical, and pharmaceutical, Engineering, Technology, Business Management and Life Sciences across America, Europe, The Middle East, and Asia Pacific yearly.
