

Biopolymer 2020 Report

Longdom proffers our immense pleasure and honor in extending you a warm invitation to attend 3rd Global Congress on Polymer Chemistry and Biopolymer Scheduled on March 22-23, 2021 at Dubai, UAE. It is focusing on 'Share Your Vision and developments in Biopolymer.' to enhance and explore knowledge among Chemistry and Materials Science Departments and to establish corporations and exchanging ideas. Providing the right stage to present stimulating Keynote talks, Plenary sessions, Discussion Panels, B2B Meetings, Poster symposia, Video Presentations, and Workshops. The conference was initiated with the Honourable presence of the Keynote forum. The list includes:

Maximilian Lackner, University of Applied Sciences Technikum Wien, Austria

The meeting reflected various sessions, in which discussions were held on the following major scientific tracks:

Advanced characterization of polymers

Structural and Functional Properties of Polymers

Polymerization Kinetics and Mechanisms

Application of novel Polymers

Synthetic Polymers

Natural Polymers

Recent advancements in Biopolymers

Bio plastics and Applications

Polymer Nanotechnology

Biocatalysis and Biochemistry of Polymers

Polymer therapeutics : Bio Medical Concepts

Polymer tissue engineering

Emerging Technology of Optics, Fibre and Lasers

Recent Polymer Science and Engineering

Polymeric Materials Science and Chemistry

Solid Waste Management of Polymers

Plastics engineering

Oil & Gas

Recent Market of Industrials Polymers

With the grand success of Biopolymer. 2020, Conference Series LLC is proud to announce the "3rd Global Congress on Polymer Chemistry and Biopolymers" to be held during Mar 22-23, 2021 Dubai, UAE.
