

Editorial Highlights for Acta Psychopathologica

Alice Nichols

Editorial Manager, Acta Psychopathologica, UK, E-mail: psychology@imedpub.org

I am pleased to introduce [Acta Psychopathologica Journal \(IPAP\)](#) a rapid peer reviewed Journal which have a key concerns over the major areas of psychology. This journal helps psychotherapists who are facing complexities and controversies along with the cutting edge aspects of Psychopathological Dysfunctions and Psychiatric Diagnosis. I am pleased to announce that, all issues of volume 5 were published online well within the time and the print issues were also brought out and dispatched within 30 days of publishing the issue online during the year of 2019.

The Journals aims to produce high quality articles on related aspects of psychology and psychopathology which can improve outcomes for persons suffering from mental health problems like Depression, Adult Psychopathology, Developmental psychopathology, Hypnosis, Criminal Psychopathology, Clinical psychopathology, Developmental Psychopathology, Bipolar Disorder, Pyromania, [Psychogenic Tremor](#), Neuropsychiatry, Paranoid Personality Disorder, Akathisia, Multiple Personality Disorder, Anorexia Nervosa, Schizophrenia.

It also discusses about Biological psychology/Biopsychology which is used to study physiological, genetic and developmental mechanisms of behavior in humans and non-human animals. Symptoms of some psychological disorders and other general cause like psychomotor retardation is also included.

A branch of medicine – Neuropsychiatry which deals with mental disorders attributable to diseases of the nervous system is also detailed here. Neuropsychiatry is the integrated study of psychiatric and neurologic disorders which includes the conditions like Addictions Childhood and development, Eating disorders, Degenerative diseases, Mood disorders, Neuortic disorders, Psychosis, Sleep disorders.

Mental health need to addressed because it is important at every stage of life, from childhood to adulthood. So this journal focuses on to provide hand full of information regarding above all aspects.

During the calendar year of 2019, IPAP received a total of 40 manuscript, out of which 28 articles (70%) were rejected in the preliminary screening due to plagiarism or being out of the format and peer review process. During 2019 around 15 articles were subjected for publication after they are accepted in the peer review process. In the 6 issues of Volume 5 published during the year 2019, a total of 15 articles were published (at an average of 3 articles per issue) of which, articles were published from authors all around the world. Globally articles have been accessed by the research scientists and also cited.

During the calendar year 2019, a total of two Editors, seven Reviewers joined the board of IPAP and contributed their valuable services towards contribution as well as publication of articles, and their valuable reviewer comments will beneficial to publish quality of article in the Journal.

I take this opportunity to acknowledge the contribution of (Dr. Rahul Das) during the final editing of articles published and the support rendered by the editorial assistant, in bringing out issues of IPAP in time. I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of IPAP, the office bearers for their support in bringing out yet another volume of IPAP and look forward to their unrelenting support to bring out the Volume 6 of IPAP in scheduled time.
