The conference will acknowledges those participants and

The Award is given to individuals in recognition of excellent performance in terms of scientific publications or presentations during the early stage of their scientific career. It also recognizes who have collectively made unique and significant contributions to the scientific community related to the conference theme. It also provide platform to professional networking with researchers of similar interest from others part of the world and also encourage the participants in taking active part in the International Science platform to sharpen their

The USA pharmaceutical market is set to develop from \$22.6 billion of every 2016 to around \$25 billion by 2021, speaking to a compound yearly development pace of 2%, as indicated by Global Data, a perceived pioneer in giving business data and investigation. The organization's most recent report expresses that Canada has a solid pharmaceutical industry impression and is one of the main areas for clinical preliminaries. Worldwide organizations and biotechnology firms have expanded their interests in scholarly modern translational exercises in Canada lately, and significant pharmaceutical organizations lead a noteworthy bit of their clinical preliminaries there. It is this solid R&D and clinical preliminary condition that is driving the development of the market, alongside Canada's expanding old populace. The nation's pharmaceutical industry is moving towards externalized R&D by means of organizations and coordinated efforts, with the administration setting up projects, for example, the Business-drove Networks of Centers of Excellence (BL-NCEs), Centers of Excellence for Commercialization of Research (CECR) and other development activities, for example, the Structural Genomics Consortium.

be taken into consideration for the evaluation from a scientific point of view.

Guidelines for Best Poster Presentation – Best Poster Awards

- ❖ This award will be provided to participants like student and recent graduates to present their original real-time work and share their views and aspects related to the theme of the conference.
- ❖ Award should motivate participants to strive to realize their full potential which could in turn be beneficial to the field as whole.

Eligibility

- ❖ This competition is open to all students (Graduates, Post Graduates and Research Scholars).
- ❖ Abstracts have to be submitted through online or by email. Shortlisted abstracts for the competition will be intimated through email and those will be displayed on the website as well.

- ❖ If the registered author/poster presenter is unable to attend the conference he/she may send a substitute who can be a co-author (or) any member from the same institution. If the winner is a substitute, he/she will be awarded and not the registered author/contestant.

Judging Criteria

- ❖ The judgment will be done by Board of Jury.
- ❖ You will be given about 8 10 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster.
- ❖ The winners will be announced at the closing ceremony of the conference. The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of announcement.
