Market revenue will reach \$15 billion by 2025. Segment held over 39% revenue in 2019. The global stem cell therapy market is expected to witness a CAGR of 10.6% during the forecast period 2019-2024, and is also predicted to reach USD 214.5 million by the end of 2024.

Target Audience

Leading world Doctors, Registered nurses, Professors, Directors, Dieticians, Research fellows and many more from leading universities, companies and medical research institutions, hospitals sharing their novel researches in the arena of Healthcare & Medicine.

Importance & Scope

Clinical trials are research studies which are performed to explore new medical treatments to implement them in people. These play a major role exploration & furtherance of therapies for medical care. There are 4-Phases in clinical trials. The final phase includes a documentation process which is called as a CASE REPORT. A case report is a detailed report of signs, symptoms, diagnosis, treatment & adverse/side effects (if any) in the form of a document

This Conference brings together the specialists from all the aspects to discuss about the future of Oncology and Cancer in today's world to thrive and survive with a better health. Directors specialists, Investigators, Post-Doctoral Fellows, Research and Diagnostic Laboratories, Clinical Fellows, Students, Biomedical Research companies, Healthcare etc.

RESEARCH

The branch of health care that determines the safety & efficacy of medications, devices, and diagnostics and also treatments intended for human use is termed Clinical Research. These are used for the treatment, prevention, diagnosis and relieving symptoms of the diseases.

Market Analysis Report Diagnostic Market

By Technology

- A. Platform Based: In situ Hybridization Flow Cytometry Next generation Sequencing Microarrays Others
- B. Instrument Based: Biopsy Mammography PET Ultrasound MRI CT

Cancer Diagnostic Market By Region

Based on region, the cancer diagnostics market is classified into North America, Europe, Asia, and Rest of the World.

Sanofi (France)

Novartis (Germany)

Boehringer Ingelheim (Germany)

Bristol-Myers Squibb

Teva Pharmaceuticals Industries (Japan)

List of Associations Worldwide
