

Past Conference Editorial

Euroscicon LLC Ltd hosted the “Annual Congress on Smart Materials”, during May 11-12, 2020 with the theme, “Smart Materials: Advancing the Research Trends on Material Science and Nanotechnology”, which was a great success. Eminent keynote speakers from various reputed institutions and organizations addressed the gathering with their resplendent presence.

We stretch out our appreciative gratitude to all the pivotal speakers, gathering participants who contributed towards the fruitful run of the meeting.

Smart Materials Congress 2020 saw a blend of superior speakers who illuminated the group with their insight and confabulated on different most recent and energizing advancements in every aspect of Material Science and Nanotechnology.

Smart Materials Organizing Committee extends its gratitude and congratulates the Honorable Moderators of the conference.

Euroscicon LLC Ltd extends its warm gratitude to all the Honorable Guests and Keynote Speakers of “Smart Materials Congress 2020”.

- Hiroshi Asanuma, Chiba University, Japan
- Chuanbao Cao, Beijing Institute of Technology, China

Euroscicon LLC Ltd is privileged to felicitate Smart Materials Congress 2020 Organizing Committee, Keynote Speakers, Chairs & Co-Chairs and also the Moderators of the conference whose support and efforts made the conference to move on the path of success. Euroscicon LLC LTD thanks every individual participant for the enormous exquisite response.

This inspires us to continue organizing events and conferences for further research in the field of Material Science and Nanotechnology.

Euroscicon LLC Ltd is glad to announce its webinar “[Annual Congress on Smart Materials](#)”, which will be held during **December 07-08, 2020**. We cordially welcome all the eminent researchers, Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently Materials Scientists/Research Professors/ Nanotechnologists, Physicists/Chemists, Junior/Senior research fellows of Materials Science/ Smart Materials and Technology/ Polymer Science, Materials Science Students, Directors of chemical companies, Materials Engineers, Members of different Materials science associations, Members of different Smart Materials and Technology associations to take part in this upcoming conference to witness invaluable scientific discussions and contribute to the future innovations in the field of Material Science with **20%** abatement on the Early Bird Prices.

Smart Materials Conference is anticipating that more than 150+ Participants should socialize and inspire the occasion. This time the Smart Materials Event will sort out a few Oral and Poster Presentations/Networking Sessions/Workshops/ Symposiums/Exhibition as we have acquainted a few new tracks with acquire more members. We are looking forward for the monumental success of Smart Materials 2020 conference.

Mark on your calendar for “[Smart Materials 2020](#)”, on December 07-08, 2020 as the Nominations for Best Poster Awards and Young Researcher Awards are open across the world.
