Past Conference Report

Name of the Conference: [Veterinary and Animal Sciences Conference 2019](#) | [14th Global Summit on Veterinary and Animal Sciences](#) |

Major Keywords: [Veterinary and Animal Sciences Conference](#) | [Separation Technique Conference 2019](#) | [Separation Techniques Meetings](#) | [Top Separation Technique Events](#)

The [14th Global Summit on Veterinary and Animal Sciences](#) was held on in with the presence of professional researchers, business delegates, scientists involved in the development of high-quality education & research in all aspects. Please check the website: [Veterinary Techniques 2019 Conference Photographs](#)

Veterinary and Animal Sciences 2019 witnessed an amalgamation of peerless speakers who enlightened the crowd with their knowledge and confabulated on various topics related to the field of Veterinary and Animal Sciences. The highly exalted conference hosted by EuroSciCon was marked with the attendance of renowned and brilliant researchers, business delegates and talented student communities representing more than 30 countries around the world. The conference has tried grounding every aspect related to Veterinary and Animal Sciences, covering all the possible research areas.

The conference aimed a parallel rail with theme “Launching the Innovative Ideas and Technologies of Veterinary and Animal Sciences”. The meeting engrossed a vicinity of cognizant discussions on Recent Developments in Veterinary and Animal Sciences, Recent Upgrades in Sample Preparation Process, Chromatography, Desalination & Wastewater Treatment Techniques, Separation Techniques in Environmental Chemistry, Analytical Chemistry, Mass Spectrometry, Spectroscopic Methods in Separation Techniques, Separation Techniques and Applications, Membrane Separation Techniques, Separation Techniques in Clinical/Pharmaceutical Chemistry, Separation Techniques in Chemical Engineering, New Instrumentation and Multidimensional Separations, Separation Techniques in Organic Chemistry, Separation Techniques used in Nanotechnology. The three days event implanted a firm relation of upcoming strategies in the field of Veterinary and Animal Sciences with the scientific community. The conceptual and applicable knowledge shared, will also foster organizational collaborations to nurture scientific accelerations.

Jonathan W Cooper, National Institute of Health, USA

Jun Zhang, Harbin Institute of Technology, China

We are thankful to all our speakers for encouraging and supporting us to conduct the conference and catapulting the same to pinnacle of success.

Details about the conference:

The [Veterinary and Animal Sciences Conference 2019](#) aims in bringing Veterinary and Animal Sciences, Veterinary and Animal Sciences Exhibitors together from different parts of the world. World Veterinary and Animal Sciences Congress aims to create a platform to have a knowledgeable discussion. The Veterinary and Animal Sciences conference has [KEYNOTE SESSIONS](#), [HANDS ON WORKSHOP](#), [SYMPOSIUMS](#), [SPECIAL SESSION](#), [SPEAKERS](#), and [POSTER PRESENTATIONS](#).

The session presented at the conference have research value and renders a great knowledge related to the field of **Veterinary and Animal Sciences**. Meet noteworthy [Separation Techniques](#) and [Separation Techniques Researchers](#). So come and join leading experts and allied professionals from to keep up with the rapidly accelerating pace of change that is already having an impact on the field of Veterinary and Animal Sciences and will continue to in the future.

Conference Highlights :

- Meat Science

- Food Security
- Species conservation
- Veterinary symposia
- Animal Research
- Veterinary Workshops 2018
- Veterinary Workshops
- Conference on Veterinary
- Animal science symposia
- Animal science
- Animal science Conference
- Animal science Meeting

- Animal science Events
- Conference on Animal Sciences
- Animal diagnostics
- Meat Science
