Press Release

Conferences Series LLC International Summit on 8th World Congress on Epigenetics and Chromosome Annual Meeting to Promote Research Worldwide-Reason behind the Confident Smile

Conferences Series LLC has successfully concluded on 7th World Congress on Epigenetics and Chromosome from July 17-18, 2020 Helsinki, Finland. More than 55 distinguished scientists, researcher, academician participated for sharing research advance, knowledge and expertise related to the Epigenetic worldwide. The 2 days conference, held on July 17th through July 18th provides the leading academic scientists, researchers and scholars to share their experiences and research results about all aspects of Epigenetic Conference.

7th World Congress on Epigenetics and Chromosome, 2020 was inaugurated followed by the key note session Saleem Ali Banihani, Jordan University of Science and Technology, Jordan with the title Title: "Effect of urate, an end product of purine nucleosides catabolism, on sperm function". The session was Chair by Ihsan Soytemiz, Turkish Biologist Association, Turkey and Co-Chair by Indraneel Mittra Tata Memorial Centre, India.

Supported through the organizing committee network of renowned scientific and professional expert such as Bitsoev Vladimit Dodtievich, Medical and Technical Sciences Academy, Russia, Inna Mincheva Ivanova, Medical University of Sofia, Bulgaria, Ines Llamas-Ramos University Hospital of Salamanca, Spain, Elena Ziakova, Slovak Medical University in Bratislava, Slovak Republic, it provided a platform for collaboration among colleagues, vendors, and academia to reveal new innovations, solutions, ideas, and emerging technologies in Epigenetic in Treatment and Care.

Forthcoming Conferences is on 8th World Congress on Epigenetics and Chromosome Annual Meeting during May 27-28, 2021 Dubai, UAE.

Conferences Series LLC take great pleasure in inviting the scientific community across the globe to the 8th World Congress on Epigenetics and Chromosome Annual Meeting during May 27-28, 2021 at Dubai, UAE. Dubai is the largest city of UAE. Dubai is considered as one of the best venue for conducting conferences due its favourite tourist

destinations. This meeting will explore advances in the GENETICS & MOLECULAR BIOLOGY.

The upcoming Epigenetic Conference 2021 focuses on genetics & molecular biology, diagnosis, prevention and study of Oncology diseases. This conference will also present the advanced research, advanced techniques for treatment of health conditions and lifestyle related to the Epigenetic too. The participants can exchange and share their research results covering the scientific aspect of genetics & molecular biology Techniques Genetics, Genomics and Proteomics, Bioinformatics, Molecular Biology, Medicine, Organic Chemistry, Natural Science field, Stem cell biology, Cancer, Oncology in the Epigenetics Conference 2021

Conference will encourage Young Researcher's Forum, scientists and the researchers in their early stage of career graph to widely discuss their outcome so as to enrich and develop the idea. The 'Best Poster Award' is meant to encourage students in taking active part in the International Science platform to sharpen their skills and knowledgebase.

The Sponsor in the Epigenetic Conference 2021 can reach and get exposure to new clients, customer, business, brand awareness and media exposure. The sponsorship has different levels Premium Sponsorship Packages: Elite Sponsor, Silver Sponsor, Gold Sponsor, Exhibition, Additional Sponsorship Packages and Advertisements. The 8th International Conference & Exhibition on GENETICS & MOLECULAR BIOLOGY will consist of organizing committee network of renowned scientific and professional expert such as EsraKinaci, Duzce University, Turkey, Shailendra Kumar Mehta, Janardan Rai Nagar Rajasthan Vidyapeeth, India, Dario Furnari, Director Human Lab, United Kingdom.
