

The Inner Game of Communication

Stephan D

Glenn's research while affiliated with NYU Langone Medical Center

Abstract:

High resolution inductively-coupled plasma mass spectrometry (ICP-MS) analyses of stable lead isotopes in Rio Grande glaze paints and New Mexico lead ores (galena) are compared using both acid dissolution and laser ablation techniques.

Biography:

Stephen Glenn is an expert in Commercial Real Estate as a broker, owner, developer and consultant.

Stephen brings a strong background in analysis, hands-on experience and a national perspective to all of his transactions.

Specialties: Expertise in the successful resolution of a wide variety of distressed property situations.

Redevelopment, repositioning, non-traditional dispositions (direct exchanges) and difficult lease-ups are my forte. Specialized consulting services available.

Recent Publications:

1. Empathy: is the ability to share in another's emotions, thoughts and feelings. Empathy requires that you hear and understand with no desire to fix or absorb.

2. Respect: Respect includes two components: 1 An appreciation for the dignity and worth of others.
3. Genuineness: this is the quality of being real. It is being freely and deeply oneself, without pretense.
4. Warmth: Express caring both verbally and nonverbal. Appropriately touching, maintaining eye contact and naturally manifesting an honoring attitude toward each person.
5. Being Clear: Being clear requires you to reflect back to others the reality of your reactions to their choices. It is about standing in your truth. It is about you and others can always hear you better when they don't feel attacked
