

## Together Towards Enriching Brain Research

**Malcolm R. Hooper**

Founder and Clinical Director, OXYMED Australia, Brisbane, Australia

Brain Disorders 2021 Invites and welcomes delegates, presenters, sponsors, and exhibitors from all over the globe to Prague, Czech Republic. We are delighted to invite you all to attend and register for the 8th International Conference on Brain Disorders and Therapeutics which is going to be held during February 22-23, 2020 at Prague, Czech Republic.

Brain Disorders 2021 operating committee is gearing up for an exciting and explanatory conference program including plenary lectures, symposia, workshops on a variety of topics, poster presentations and various programs for participants from all over the world.

We invite you to join us at the Brain Disorders Conference, where you will be sure to have a meaningful experience with scholars from around the world.

All members of the Brain Disorders 2021 organizing committee look forward to meeting you in Prague, Czech Republic.

### Objective

Brain Disorders Congress, Prague, Czech Republic is a sole meeting to unite globally recognized scholastics in the field of neuroscience and neurology, neuro specialists, general wellbeing experts, specialists, scholarly researchers, industry analysts, researchers to trade about best in class research and advances.

The motto of this gathering is fortifying new ideas for treatment that will be valuable over the range of Brain Disorders and Neuroscience.

Gatherings, Conferences, National symposiums, and Workshops give a committed discussion to the progression, execution, and trade of data about Neuroscience and its partnered territories.

### Conference Highlights

- Brain Disorders
- Structural and Functional Brain
- Neurobiology and Pathophysiology
- Neurology of Brain
- Analysis, Assessment and Diagnosis
- Neurology and Neurosurgery
- Brain Complications
- Neuroimmunology of Brain
- Headache and Migraines
- Neurodegeneration and Aging Disorders
- Cerebrospinal Complications
- Psychiatric Brain
- Brain Nursing
- Computational Brain and Nervous system

- Brain Engineering
- Animal models in Brain Research
- Novel Treatment Strategies
- Neuropharmacology
- Pediatric Neurology
- Addiction and Brain Disorders
- Biofeedback and Neurofeedback

### Benefits of Attending

Assurance to deliver highest standards in brain disorders and neurology that exceeds the expectations of our participants

Engage with phenomenal scholars across the world

The sessions of Brain Disorders Conference sets a highly advanced, innovative and valuable contribution to our medical professions at all who work in contact with brain diseases and neurological disorders on a daily basis

Act as career guidelines for young researchers and motivates them by Young Researcher Awards

Idealize Platform for Global Networking

### Reasons to attend

Brain Disorders 2021 is a unique forum to bring together worldwide distinguished academics in the field of neuroscience and neurology, Brain researchers, public health professionals, scientists, academic scientists, industry researchers, scholars to exchange about state of the art research and technologies.

The aim of this conference is to stimulate new ideas for treatment that will be beneficial across the spectrum of Brain Disorders.

### Target Audience

Business Delegates, Industrial Leaders, Brain Researchers, Neuro-oncologists, CEO's and R&D Heads from Industries, Directors, Neurologist, Neuro-radiologist, Neurosurgeons, Psychiatrist, Head of department, Brain Coach, Physicians, Professors and Students from Academia in the research of brain disorders and neurology.
