Young Researchers Awards

EuroSciCon Ltd takes great pleasure in inviting the scientific community across the globe to the International conference on [Biomaterials and Biomedical Engineering](#) during **May 11-12, 2020 at LONDON, UK**. This meeting will explore advances in the [Biomaterials](#).

The [conference](#) will serve as a platform to bring together young scientist, leading scientists, researchers, organizations and all representatives of company sectors with different specialities such as [Biomaterials](#) and [Biomedical Engineering](#). This event is an open forum specifically dedicated for young investigators (i.e. students, PhD candidates and early stage postdocs) working in all fields in the broader area of [Biomaterials](#). This forum will not only discuss state-of-the-art science to broaden the scientific knowledge of the participants but allow the [young researchers](#) to benefit as well from several specifically designed interactive sessions to advance their own career/ research. In particular, the forum aims to foster the spirit of teamwork among the participants, providing the opportunity to network globally and to establish own professional networks.

The [conference](#) will acknowledges those participants and organizations that have remarkably added to the value to scientific community by awarding [Young Scientist Awards](#) and [Awards](#) provide an opportunity to the participants like outstanding researchers, exceptional graduates or early academicians and organizations to showcase their best research and projects to the world related to the [conference theme](#).

Young Researchers Forum- Young Scientist Awards

The [Award](#) is given to individuals in recognition of excellent performance in terms of scientific publications or presentations during the early stage of their [scientific](#) career. It also recognizes who have collectively made unique and significant contributions to the scientific community related to the conference theme. It also provides platform to professional networking with [researchers](#) of similar interest from others part of the world and encourage the participants in taking active part in the International Science platform to sharpen their skills and knowledgebase. The aim of these Award is to inspire, to identify the marvellous work and bring together the participants such as Master/ Ph.D./Post Doctorate and to in the area of [Biomaterials](#).

[Biomaterials Conference](#) would like to bring recognition for the outstanding [researchers](#), doctors, professors, scientists, young scientists, and [researchers](#) from the developing

countries and best student belonging to the field of [Biomaterials](#). These types of awards would like to bring recognition to the particular individuals and create opportunity to build network and collaboration for their future. This award is mainly designed to recognize the dedicated individuals who has set the standard for excellence in field of conference [Biomaterials](#)

Guidelines for Young Researchers Forum- Young Scientist Awards

Benefits

- Showcase your through oral presentations.
- Learn about career development and the latest research tools and technologies in your field.
- The forum will provide an opportunity for collegial interaction with other and established senior investigators across the globe.

Eligibility

- (e.g. Post-Graduate students, Post-doctoral fellows, Trainees, junior faculty) is the focus of this event.
- Each individual participant is allowed to submit only one or two paper, it must include at least one co-author (Guide, Professor)
- None of the authors should have senior position or faculty position.
- Participants should be below the age of 35 years.

Best Poster Presentation – Best Poster Awards, Biomaterials2020

The Best [Poster](#) Award is meant to encourage students in taking active part in the International Science platform to sharpen their skills and knowledgebase. This [Award](#) is to highlight good quality posters presented at the Annual Meetings. The Award will be given to the best students, PhD candidates and early stage postdocs. It rewards a combination of excellent research, innovation, and presentation. As the goal of this poster award is to foster the clear communication of scientific content also to non-specialists of the presented topic, the emphasis of the evaluation will be put on the attractiveness of the graphical representation and on the clarity of the text. Only posters which satisfy the communication criteria will be taken into consideration for the evaluation from a scientific point of view.

Guidelines for Best Poster Presentation – Best Poster Awards

Benefits

- This award will be provided to participants like student and recent graduates to present their original real-time work and share their views and aspects related to the theme of the .
- Award should motivate participants to strive to realize their full potential which could in turn be beneficial to the field as whole.

Eligibility

- This competition is open to all students (Graduates, Postgraduates and Scholars).
- Abstracts have to be submitted through online or by email. Shortlisted abstracts for the competition will be intimated

through email and those will be displayed on the website as well.

- If the registered author/poster presenter is unable to attend the he/she may send a substitute who can be a co-author (or) any member from the same institution. If the winner is a substitute, he/she will be awarded and not the registered author/contestant.

Judging Criteria

- The judgment will be done by Board of Jury.
- You will be given about 8-10 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster.
- The winners will be announced at the closing ceremony of the . The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of .
