Announcement for New Greatest Meeting on Stress Management and Psychology

Arcady A. Putilov

Research Institute for Molecular Biology and Biophysics, Novosibirsk, Russia, E-mail: putilov@ngs.ru

The Stress Management makes grand announcement for the major event on "International Summit on Depression Anxiety and Stress Management". The conference will be originated on August 10-11, 2020 in Stockholm, Sweden, under the theme: "Leading Innovations and Approaches towards Stress Management, Anxiety and Depression".

The conference offers emerging scholar awards to outstanding researchers, exceptional graduates or early academicians who have distinctive enthrallment towards the conference themes. The Award strives in providing a strong professional development opportunity for early career academicians—meeting experts in the field, interacting with colleagues from other parts of the world, and creating networks and long-term relations.

Awards Announcement

We are delighted to announce that Stress Meet Conferences is presenting prestigious awards for the participants for their contributions.

Expert Level (Scientific Service Achievement Award)

At Stress Meet 2020, the expert level awards are given to the researchers or academicians who have made exemplary contributions to advancements in Psychology and are the most prestigious award of the whole conference and are tagged as scientific service achievement award. The eligibility criteria for achieving this award is that the individual should have a minimum of 20+ years of research experience in the relative field in public or private sector and should have demonstrated outstanding performance in their assigned scientific duties. Receiving this prestigious scientific service achievement award would be of great honor as well as responsibility, as the young and budding researchers would look up to their predecessors to emerge and reach their heights. We, at Stress Congress look forward to present the world's most

talented and engaging doctors/professors with Scientific Service Achievement Award.

Professional Level (The Research Contribution Award)

The professional level awards are handed over to those business or academic professionals who have more than 10+ years of experience in Psychology/neuroscience research and who have given their best to the discovery of ailments and supported the experts throughout their research and made it possible to develop new techniques and gave their valuable inputs in developing new products. At Stress Meet 2020, the receiver of the Research Contribution Award is guaranteed to have a bright and better exposure to showcase their dedication towards advanced techniques in front of global level experts.

Scholar Level (The Upcoming Researcher Award)

Stress Meet 2020 offers Scholar Level Award for the budding and emerging Psychologists, researchers and individuals interested in treating and analyzing Psychological disorders and who are having 10+ years research experience in the field of Psychology. Our conferences has been providing best platform to enlarge your network and connections by sharing your research knowledge at stage. Presentation includes 25-30 minutes of oral talk on the scientific research topics based on the theme of the conference along with panel discussions.

Women Scientist (The Women of Science Award)

Stress Meet 2020 encourages gender equality by providing a unique platform for active women to present their latest research projects with an in-depth analysis. We cordially invite women scholars and scientists from universities/clinics/research labs all over the world who have 10+ years of research experience to join the forum. We are happy to boost up the enthusiasm of our women scientist's participants through research awards and provide assistance for women scholars in career

development and research guidance through our collaborations.

Outstanding speaker in Stress Meet 2020

Outstanding Speaker award is a special recognition for the individual who presents their research interests and feasibility of turning their ideas into action, strategies, and schemes that have been implemented to improve long-term excellence in Psychology/neuroscience.
