

Award Content 2020 on EuroSciCon Congress on Biochemistry & Molecular biology

Aya Darwish Ahmed

Department of Biochemistry and Molecular Biology, Cairo University, Egypt, E-mail: a.darwish1251@yahoo.com

Expert Level

The award for the experts who have had made outstanding contributions to advancing in Biochemistry and Molecular Biology. It is indeed the most prestigious award of the whole conference and is tagged as scientific service Achievement award. The eligibility criteria for achieving this award is that one should have minimum of 20+ years of experience in the relative field in private or public sector. The receiver of this award should have a dedicated attraction and should take initiative in researching the recent trends and developments towards the related subjects. You can nominate the commendable of the award online.

Professional Level

The Award for professional or academic research activity acquired in the Biochemistry and Molecular Biology research field in the public or private sector for experts having research knowledge at 10+ years in the field of Biochemistry and Molecular Biology with most relevant accomplishments. Part-time research experience would be counted as pro-rata. It is calculated starting from the date when you obtained the (first) degree entitling you to embark on a doctorate (either in the country in which the degree was achieved or in the country in which the researcher is enlisted), even if a doctorate was never anticipated. You can nominate the commendable of the award online.

Scholar Level

The conference offers Scholar Level Award for the approaching scientists, researchers, and experts having 10+ years of research experience in the field of Biochemistry and Molecular Biology. Our conference would like to provide the best platform to expand your network by sharing your research knowledge at the stage. Presentation includes 25-30 minutes of oral talk on the scientific research topics based on the theme of the conference along with 5 minutes panel discussions. You can nominate the commendable of the award online.

Women Scientist

Our conference provides a unique platform for women scientists for presenting the latest research projects with an in-depth analysis. We cordially invite women scholars and scientists from Universities/ Industries to have 10+ years of research experience to join the forum. We are

happy to encourage our women scientist's participants through research awards and provide assistance for women scholars in career development and research guidance through our collaborations. Women scientists can nominate the commendable of the award online.

Outstanding Speaker in Biochemistry and Molecular Biology 2020

This award is recognizing individuals who will present their projects, strategies, and schemes that have been implemented to improve long-term excellence in Biochemistry and Molecular Biology. You can nominate the commendable of the award online.

Best Keynote Speaker in Biochemistry and Molecular Biology 2020

This award is recognized for the best Keynote speakers who will present their projects, strategies, and schemes that have been implemented to improve long-term excellence in Biochemistry and Molecular Biology. If you were confirmed as a keynote presenter from the program manager, you can nominate someone commendable of the award online.

Best Poster Presentation in Biochemistry and Molecular Biology 2020

Student Poster Competition is organized at Conference, to encourage students and recent graduates to present their genuine research. All accepted abstracts will be represented at the poster sessions during the time of the conference. Euroscicon aims of creating a new platform for all the promising scientists and researchers to present their real-time work and share their views and aspects related to the theme of the conference. You can nominate someone commendable of the award online.

Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation in Biochemistry and Molecular Biology 2020

This award is recognizing for Masters/Ph.D./Post Doctorate thesis work Presentation who will present their projects and thesis that have been implemented to improve long-term excellence in the field of Biochemistry and Molecular Biology. You can nominate the commendable of the award online.
