As it's been a month since the first editorial of announcement of grand commencement of "[8th World Heart Congress](#)", we are much more glad and enthusiastic as the conference arrangements going on further and we are in the swing of inviting the best cardiologists from every nook and corner of the world. We are happy to inform you all that our announcement has been paid heed by many a cardiologists and researchers all over the world.

About Conference:

The organizing committee of **Euro Heart Congress 2020** is pleased to invite the cardiologists and researchers from each and every part of the world to come and mark your gracious presence at the "[8th World Heart Congress](#)" that has been scheduled on **May 11-12, 2020** in the city of beautiful architecture, fine culture and famous as Bavarian capital, **Munich, Germany** with the theme: "*Divulging the functionalities and acute insights of heart*", wherein you will have an opportunity to meet world-class pioneers in the field of cardiology and ground-breaking veterans with the knowledge of every minute functioning of the most preserved organ- Heart. With great hope towards reducing the world death rate and increasing survival rate by understanding the functionalities of heart and the causes and prevention of cardiac arrests and gathering all the experts to share the knowledge of risk reduction and their unique clinical cases, we are taking one step ahead and announcing the presentation of awards for the best in each category such as OCM, Keynote, Oral presenter etc.

Awards Announcement:

The following awards are going to be presented to encourage the upcoming researchers, pioneers, exceptional graduates or early academicians who have distinctive enthrallment towards the conference highlights and its theme. We welcome participants to showcase and share their in depth knowledge through oral or poster presentations, among which we will nominate the best at each level and present them with distinguished awards which would boost up the participant's interest. These awards aims to provide recognition to the hard work and efforts they have put in towards inventing new techniques, operating procedures to reduce the cardiac failure and arrest rates without enduring much pain and to bring continued advancements in cardiology and health care.

Euro Heart Congress merrily and proudly presents the following awards to the best of attendees:

Expert Level (Scientific Service Achievement Award):

At Euro Heart Congress 2020 Scientific Service Achievement Award is the special recognition to the researcher or academician who has made most outstanding and exemplary contributions in advancements in cardiology research. The eligibility criterion for achieving this award is that the individual should have a minimum of **20+ years** of research experience in the relative field. Receiving this prestigious scientific service Achievement award would be of great honour as well as responsibility, as the young and budding researchers would look up to their predecessors to emerge and reach their heights.

Professional Level (The Research Contribution Award):

The Professional Level Awards are handed over to those business or academic professionals who have more than **10+ years** of experience in cardiology research and who have given their best to the discovery of ailments and supported the experts throughout their research.

Scholar Level (The Upcoming Researcher Award):

Euro Heart Congress 2020 offers Scholar Level Award for the budding and emerging cardiologists, researchers and individuals interested in treating and analyzing heart functionalities and who are having **10+ years** research experience in the field of Cardiology.

The Women of Science Award:

We are happy to boost up the enthusiasm of our women scientist's participants by providing them Women Scientist Award and provide assistance for women scholars in career development and research guidance through our collaborations.

Outstanding Speaker in Euro Heart Congress 2020:

Outstanding Speaker Award is a special recognition for the individual who presents their research interests and feasibility of turning their ideas into action, strategies, and

schemes for long-term excellence in Cardiology. Professors, associate professors and lecturers can be presented with this award.

Best Keynote Speaker in Euro Heart Congress 2020:

This award is given to honour the continuous effort and dedication for presenting the best Keynote speech which is an implementation of brain storming ideas, strategies, and schemes.

Best Poster Presentation Award:

The best Poster presentation award is given to the students to encourage them to present their budding skills and raw inventions at International Conferences. The recent graduates and young scientists are eligible to present their research works.

Outstanding Master's/PhD/Postdoctorate Award:

Best Presentation Award is given to provide special recognition for the excellent research being carried out by the scientists of tomorrow doing their Master's/PhD in the field of Cardiology.
