

Awards Announcement on Neurologists

Mitra Assadi

Director of the Headache Medicine and Pediatric Neurology, Rutgers University, USA, E-mail: mitra.assadimd@gmail.com

EuroSciCon Ltd., delighted to invite the global neurologists to the 29th Euro – Global Neurologist Meeting on June 15-16, 2020 at Rome, Italy. The conference provides a significant platform to the neuroscience researchers, neurologists, neurosurgeons, and principal investigators, experts from universities, institutes, healthcare industries and students across the globe to present their research results, new ideas, and practical development experiences. Join this grand event and present your new findings and unpublished work to the international researchers and delegates. We invite you to take part and meet the leading global researcher to share ideas and collaborate for better health care.

The upcoming [Neurologists Congress 2020](#) unites the prime researchers on the theme “Current Challenges and Innovations in Neuroscience and Neurology” to cover the latest cutting-edge topics in [Neurology and Neuroscience](#), Neurological Disorders and Neurosurgery, Neurodegenerative Disease, CNS Disorders and Infections, Pediatric Neurology, Geriatric Neurology, Neurophysiology, Neuromuscular Disorders, Neuroplasticity and many more interesting topics.

[NEUROLOGISTS CONGRESS 2020](#) invites the members to participate for award nomination related to the field of conferences would like to bring recognition for the outstanding researchers, doctors, professors, scientists, young scientists, and researchers from the developing countries and best student belonging to the field of Neuroscience and Neurology. These types of awards would like to bring recognition to the particular individuals and create opportunity to build network and collaboration for their future. This award is mainly designed to recognize the dedicated individual who has set the standard for excellence in field of Neuroscience and Neurology.

The following are the types of awards will be given to the innovative researchers and their criteria

Outstanding_Researcher

Award Criteria

1. 10 + Years of experience with achievements in the field of Neuroscience and Neurology
2. With publications having good citations
3. Holding strong clinical experiences
4. Holding the top designations in your current working organization
5. Taken part in many international conferences

Best Discovery

Award Criteria

1. With a minimum of 5 year experience
2. Can be from either Academic or Clinical Field
3. Has been recognized for their specific recent research outcome in the past 5 years 2015 to 2020

Young Scientists

Award Criteria

1. Students who are currently pursuing Master's Degree and PhD.
2. Experience of less than 5 years can also send their nominations
3. Can be from either Academic or Clinical Field
4. Has been recognized for their specific recent research outcome in the past 5 years 2015 to 2020

Best Speaker

Award Criteria

1. Clarity of presentation towards the achievement and contribution in the field of Neuroscience and Neurology
2. Quality of abstract scientific content
3. Research objectives are mentioned
4. Factual information provided
5. Intelligent discussion by engaging with the audience
6. Handling of questions

Best YRF

Award Criteria

1. Students who are currently pursuing their education, Masters, PhD
2. Clarity of presentation
3. Quality of abstract scientific content in the field of Neuroscience and Neurochemistry
4. Handling of questions

Best Poster

Award Criteria

1. Students who are currently pursuing their education degree as Masters and Doctorate
2. Quality of abstract scientific content in the field of Neuroscience and Neurology

3. Visual Display of posters

4. Quality of the delivery during the conference
