

Conference Announcement for Clinical Cardiology 2020

Emily

Professor of Epidemiology and Public Health at Australian National University Australian Capital Territory, Australia, E-mail: emilyhd694289@gmail.com

The conference “[Clinical Cardiology](#)” hosted by the Conference Series was held during **October 26-27 2020** in **San Francisco, USA**, was successfully completed which offered a unique opportunity for investigators across the globe to meet, network, and perceive new scientific innovations. Benevolent response and active participation was received from the scientists, doctors, professors, nursing lecturers, nurses, pharmaceutical industries, healthcare industries, researchers and students from the fields of cardiology, those who involved in this successful event.

The conference was initiated with the honorable presence of the Keynote forum. The list includes:

- **Title:** Problems Associated with Currently Used Clinical Cardiology and Their Potential Improvements of Excessive Blood Pressure, Blood Glucose and Body Weight by the Individualized Optimal Dose of Each Medication Plus Addition of Optimal Dose of Vitamin D3 Using Its Unique 7 beneficial effects Yoshiaki O’Mara, *International College of Acupuncture & Electro-Therapeutics, USA*.

- **Title:** EFdA: An Extremely Excellent Anti-HIV Nucleoside from Design to the Current Clinical Trials Results

Hiroshi Ohru, *Yokohama University of Pharmacy, Japan*.

Hilaris Conference is organizing “[Clinical Cardiology](#)” which is going to be held on. **October 26-27 2020**, in **San Francisco, USA**. Cardiology is a branch of medicine deals with disorders of the heart as well as parts of the circulatory system. The section of clinical cardiology access to specialized inpatient and outpatient heart care and treatment of heart problems such as

angina, artery problems, valvular heart disease, and heart failure. The one who specialize in this field of medicine are called cardiologists, primary mission is to deliver high quality, cardiovascular care to all of our patients. Paediatric cardiologist is pediatricians who have received extensive training in diagnosing and treating children's cardiac problems. Doctors who specialized specializes in surgical procedures of the heart, lungs are called cardiac surgeons. Theme of the conference is “Gathering the Newborn Advances in Cardiology”. The conference will cover the field related to Clinical Cardiology.

Key Highlights of the Conference:

- To meet the young minds and experienced researchers from all over the world
- Accepted abstracts will be published in with unique DOI
- Be a part of the keynote sessions, interactive debates, plenary sessions, poster sessions, workshops and symposiums
- Opportunity to hear the presentations delivered by Eminent Scientists.
- Get business ideas from business experts from the field of cardiology
