Hilaris Conferences welcomes you to be a part of the **Cardiology and Cardiac Surgery** conference in **New York, USA** on **October 09-10, 2020** to discuss on the new innovations within the field of Cardiology and Cardiac Surgery for providing a much better moreover as a healthier life for the individuals from exceptionally prominent people and display of Standard universities. Hilaris Conference on Cardiology and Cardiac Surgery 2020 pleased to be able to invite those of you ready to share their knowledge towards cardiology as well as those who are knowledge gaining aspirants in a single stage.

### Market Analysis

The Cardio vascular devices market is projected to reach USD 14.4 billion by 2024 from USD 10.3 billion in 2019 at a CAGR of 6.8. market growth can be attributed to the rapid growth in the geriatric population and the associated increase in the prevalence of peripheral vascular disease approval of new and advanced products and the growing preference for minimally invasive surgeries the Asia Pacific is going to register the highest growth rate in the peripheral vascular devices market during the forecast period the global diagnostic catheters market is expected to reach USD 4302.3 million by 2021, at a CAGR of 7.3 from 2016 the Asia Pacific holds significant growth opportunities' for market players.

The American interventional cardiology market is currently valued at nearly \$1.4 billion. Across most of the market, certain devices, such as FFR guide wires and OCT catheters, are expected to exhibit strong growth over the next several years. The increasing incidence of cardiovascular diseases and the growing geriatric population are the most significant factors driving the growth of the global cardiovascular devices market.

According to the Cardiology Associations, every year, cardiovascular disease (CVD) causes 3.9 million deaths in America and over 1.8 million deaths in the European Union (EU). Furthermore, other factors such as the rapid technological advances, increasing awareness of the population, and high preference of minimally invasive procedures are also supplementing the market growth.

### Importance and Scope

**Cardiology** and **Cardiac Surgery** delighted to welcome all the interested and enthusiastic participants across the globe to its prestigious World Cardiology and Cardiac Surgery conference which is going to be held during October 09-10, 2020 New York, USA highlights the theme "*Accelerating Innovations & Fostering Advances in Cardio Research*". **Cardiology** and **Cardiac Surgery** 2020 is a two-day conference concentrating on interactive sessions and sub-sessions emphasized on innovation and new trends on cardiology, keynote lectures from senior scientists and industry experts, panel discussions, poster competitions and young researcher forum. The conference program will feature well-known and thought-provoking speakers to interactive discussion sessions.

The **Cardiology** and **Cardiac Surgery** conference interacts with members across the globe focused on learning about cardiology and its specialties. This is the single best opportunity to reach more participants. Sharing the knowledge and demonstrations, information and B2B meetings with industrialists and potential clients to make a splash with innovative products live and brand recognition at this event. World-renowned speakers, the most recent techniques, and the latest updates in **Cardiology** and **Cardiac Surgery** are hallmarks of this conference.

### Target Audience

- Cardiac Surgeons
- Anesthesiologists
- Medical Professionals
- Cardiologists
- Fellowship Holders
- Medical Students
- Nurses
- Cardiac Surgical Tool Technicians

- Pharmaceutical Industries
- Clinical Nurse specialists
- Dieticians.

## Some Industries Associated with Cardiology Research

### World Wide:

- Medtronic, Inc.
- Boston Scientific Corporation
- St. Jude Medical, Inc.
- Abbott Laboratories
- Cordis Corporation
- BIOTRONIK SE & Co. KG
- Sorin S. P. A.
- Edwards Life sciences Corporation
- Terumo Corporation
- Biosense Webster, Inc.
- C. R. Bard, Inc.
- AGA Medical Holdings, Inc.
