

Past Conference report on Successful Completion of 2nd International Conference on Stem Cell in Park Inn by Radisson Stockholm Hammarby Sjostad on May 13-14, 2019

Ahmed Hegazi

Professor of Microbiology and Immunology National Research Center, Dokki, Giza, Egypt, E-mail: ahmedhegazi128@gmail.com

Another Stem Cell conference has been successfully completed the 2nd Edition. We must thank the attendees, Conference Centre Staff, the Organizing Committee, Ad-Sponsors, Media partners and everyone else that helped to make this 2nd International Conference on Stem Cell with the theme, Advancing new progression & horizon of Stem Cell research a huge successful conference.

Our Attendees obtained the kind of advance technical information in the arena of Stem Cell that they were seeking, and that their role in the field has been enhanced via their participation. They were able to take part in all the sessions and take advantage of the tremendous advancements in Stem Cell that scientists are working with.

The theme of this year's meeting is "Frontiers in Stem Cells & Turning Ideas in to Reality". Stem Cell 2020 conference aim is to provide the recent research topics where all the participants would get the opportunity to discuss the latest developments in the field of Stem Cell and Regenerative Medicine as well. Current studies of Stem cell are examining how undifferentiated organisms might be utilized to anticipate or fix sicknesses and wounds, for example, Parkinson's illness, type 1 diabetes, coronary illness, spinal string damage, strong dystrophy, Alzheimer's malady, strokes, osteoarthritis, and vision and hearing misfortune. Immature microorganisms could likewise be utilized to supplant or repair tissue harmed by ailment or damage. Stem Cell congress includes international attendee workshops, lectures and symposia, including a designated registration area, a respite and regalement. Stem Cell educators can join the EuroSciCon as an international member to receive discounts on registration. So come and join leading experts and allied professionals from March 16-17, 2020 in Osaka, Japan to keep up with the rapidly accelerating pace of change that

is already having an impact on the field of Stem cell, and will continue to in the future.

The Majorly Focused Highlights for our Stem Cell 2019 Conference were Stem Cell Research and Practice, Healthcare Technologies, Stem Cell Education, Genetic Stem Cell, Cardiovascular Stem Cell, Embryonic Stem Cell, Nanotechnology in Stem Cell etc.

Some of the Eminent Stem Cell and Tissue Regenerative Professionals were the Organizing Committee Members for Stem Cell 2019

Anna Andrzejewska, Mossakowski Medical Research Centre Poland, Europe

Jolanta Zuwała Jagiello, Wrocław Medical University Poland, Europe

Tamar Varazi, Agricultural University Georgia, Georgia

Gia Khatisaahvili, Agricultural University Georgia, Georgia
Elham Sharif, Qatar University, Qatar

MIJA SEZUN, Pulp and Paper Institute of biotechnology, Slovenia

Notable Speakers of Stem Cell 2019

Maritsa Kurashvili, Agricultural University Georgia, Georgia

Marina Pruidze, Agricultural University Georgia, Georgia

Elodie Czuba, University Of Strasbourg France, France

Saadia Lijaz, University of the Punjab, Pakistan

Eldar Aliyev Eldar Aliyev, Central Oilworkers Hospital, Azerbaijan

Yogini Patel, Global Hospital & Research Centre India, India

Miras Mugazon, Karaganda State Medical University, Kazakhstan

Valeriy-D-Perminov, Moscow Central Aerohydrodynamic Institute, Russia

Olexandr Korchynskyi, Rzeszow University Poland

Hence, Stem Cell 2019 gave justice to the theme
*“Advancing new progression & horizon of Stem Cell
research”*

All thanks to our Media partners also for associating
with us.

*Crowd Reviews, Enliven Archive, Kind Congress,
Manuscript Edit, Pink Medico, Placid Way, Tabeeby, The
Pharma Times and Vydy Health.*
