Separation Techniques conference 2020 invites the members to participate for award nomination related to the field

Separation Techniques 2020 provides an opportunity to discuss and learn about the innovative ideas and technologies inherited in various fields like Analytical chemistry, Biochemistry, Instrumentation chemistry, Nanotechnology, Geochemistry, Pharmaceutica lchemistry, Membrane science, Organic Chemistry, Desalination, Water Treatment as well as about the novel technologies in separation science, chromatography, spectroscopy, mass spectrometry, hyphenated techniques along with the investigations conducted with these techniques.

Separation Technique Conference would like to bring recognition for the outstanding researchers, doctors, professors, scientists, young scientists, researchers from the developing countries and best student belonging to the field of Separation Techniques. These types of awards would like to bring recognition to the particular individuals and create opportunity to build network and collaboration for their future. This award is mainly designed to recognize the dedicated individuals who have set the standard for excellence in field of conference Separation Technique.

The global emergency medical services (EMS) report's key focus is to study the market from the point of the growth opportunities and the key markets in the world. Taking into consideration the key players in the market, the report gives a comprehensive company profile along with the analysis of the companies' developmental plans and growth strategies. The history data taken for the analysis is from 2014 to 2018 and the forecast for the

period up to 2025 is done segment-wise and region wise.

Award Categories

1. Outstanding Researcher/ Clinician Award

Award Criteria:

10 + Years of experience with achievements in the field of Separation Technique

With publications having good citations

Holding strong clinical experiences

Holding the top designations in your current working organization

Taken part in many international conferences

2. Best Discovery Award

Award Criteria:

With a minimum of 5 year experience

Can be from either Academic or Clinical Field

Has been recognized for their specific recent research outcome in the past 5 years 2015 to 2020

3. Young Scientists Award

Award Criteria:

Students who are currently pursuing Master's Degree and PhD.

Experience of less than 5 years can also send their nominations

Can be from either Academic or Clinical Field

Has been recognized for their specific recent research outcome in the past 5 years 2015 to 2020

4. Best Speaker Award

Award Criteria:

Clarity of presentation towards the achievement and contribution in the field of Separation Technique

Quality of abstract scientific content

Research objectives are mentioned

Factual information provided

Intelligent discussion by engaging with the audience

Handling of questions

5. Best YRF Award

Award Criteria

Students who are currently pursuing their education, Masters, PhD

Clarity of presentation

Quality of abstract scientific content in the field of Separation Techniques

Handling of questions

6. Best Poster Award

Award Criteria

Students who are currently pursuing their education degree as Masters and Doctorate.

Quality of abstract scientific content in the field of Separation Technique

Visual Display of posters

Quality of the delivery during the conference

Process and Recognition

Nominations to be submitted no later than April 15th 2020

Nominees are selected by the Organizing Committee Members and reviewers of the conference

No restrictions for the number of awards allotted for each category

Self nominations are also accepted

Presentation of the award will be made at the conference dates and timings will be included in the scientific program.

Nominee CV

Updated CV with your achievements and research publications is to be sent after you fill the nomination form to below details
