

YOUNG RESEARCH FORUM- 27th International Conference on Dental Treatment

Andrea Tedesco

Research Fellow Department: Oral Surgery University: University of Pisa Country: Italy, E-mail: , tedescoandrea@virgilio.it

Young Research Forum

EuroSciCon team is glad to announce "27th Edition of European Conference on Dental Treatment" which is scheduled to be held during July 15-16, 2020 London UK and the event is enlightened with the theme "Designing a Delightful smile through Dental Treatment". Supported through the organizing committee network of renowned scientific and professional experts, it provided a platform for collaboration among colleagues, vendors and academia to reveal new innovations, solutions, ideas and emerging technologies.

Dentistry is frequently also understood to include the now mostly non-operational medical field of stomatology (the study of the mouth and its disorders and diseases) for which cause the two terms are used interchangeably in certain areas.

Oral hygiene & cleanliness is the part of keeping the mouth flawless and free of sickness and different issues. It is necessary that oral cleanliness is done all the time to permit counteractive action of dental infection and awful breath. The greatest extensively known sorts of dental illnesses are tooth decay (pits, dental caries) and gum illnesses, counting gum disease, and periodontitis. Occasionally, white or straight teeth are connected to oral cleanliness. On the other hand, a germ-free mouth may have recoloured teeth as well as slanted teeth. For appearance reasons, individuals may find out teeth brightening and orthodontics.

We gladly welcome attendees all around the world for the hearing of the leading recent innovations and inventions in the field of **Dental Treatment**. Conference will give a discussion to trade of thoughts and legitimate perspectives by driving researchers, exchange of ideas from the academicians of the best establishments from around the world. Settled keynote speakers and surely understood driving researchers and specialists from around the world will be relied upon to share their mindfulness and discussion about different angles identified with different bleeding edges.

Conference brings together the experts from all the aspects to meet and discuss the future and current status to thrive and endure with a better result. The participants can exchange and share their research results covering the scientific aspect. The event will unite all the eminent persons, professors, scientists, doctors, medical practitioners, health workers, professionals, students, and industrialist individuals ready to upgrade and refresh the comprehension on the subject.

This interactive conference will combine technical input, personal effectiveness facilitation and practical hands on experience. This will ensure delegates go away with skills to

enable them and their teams to perform to the peak of their abilities, to continue to push the boundaries in delivering better, high quality international conferences.

There are different sessions in the Conference like Keynote session, Oral Presentation, Poster Presentation, Workshop and Video Presentation. Participants will get following benefits: We are inviting you for the Young Research Forum, include the following

Benefits of YRF:

1. Opportunity to attend one conference per year with good discounts on registration fees
2. Opportunity to publish your manuscripts with discounts
3. International Certificate for Young Research Forum
4. Will be featured on our conference website as a Young Research Forum
5. All accepted abstracts will be published in Respective Journals
6. Abstracts will receive a DOI number provided by Cross Ref

The **Young Research Forum** honour is acknowledgment for Masters/PhD/Post Doctorate proposal introduction who will exhibit their activities and theory that have been actualized to improve long term prominence in the field of Dental Treatment.

You can nominate having the right to the award. The grant will be exhibited to up and coming analysts and researchers in the field of Dental Treatment with at least 10 years of experience. The honour is named as The Upcoming Researcher Award. The scientists with another and changing query towards explore are supported. The scientists must to carry new advancements and developments to their work as per the new patterns in their field. You can assign anybody you feel having the right to the honour Euroscicon fosters and recognizes investigate greatness and administration by perceiving the extraordinary analysts, outstanding alumni or early academicians who have particular enthrallment towards the meeting topics.

The Award endeavors in giving a solid expert advancement open door for early vocation academicians-meeting specialists in the field, interfacing with partners from different pieces of the world and making systems and long term relations. The journal encourages research and innovation in the **Dentistry and Dental Healthcare** field, offers professional publishing support to authors until the publishing is finalised. It helps the scientific community to upgrade itself with the most recent advancements. The topics covered in the journal include **Oral And Maxillofacial Surgery Implant Dentistry Laser Dentistry Digital Dentistry Prosthodontics Orthodontics Endodontics**

Restorative Dentistry Cosmetic Dentistry Dental Materials
Advanced Dental Treatment Oral Health Care & Hygiene Oral
Cancer Periodontics Oral Microbiology And Pathology Pediatric
Dentistry Dental Public Health Dental Marketing Management
Sedation Dentistry Nano Dentistry Forensic Dentistry

Join us to witness invaluable scientific discussions and add to the future advancements in the field of Dentistry and Dental Healthcare in the upcoming “**27th Edition of European Conference on Dental Treatment,**” which is going to be held during **July 15-16, 2020** in **London, United Kingdom**.

The topic “Total Approach Concept: graft less solutions for atrophic maxilla using zygomatic, nasal and pterygoid

implants” is going to be illustrated by Andrea Tedesco, in the 27th Edition of European Conference on Dental Treatment” which is scheduled to be held during July 15-16, 2020 London UK.
